

The Scottish Cultural Society was founded in 1992 to provide ongoing education and enrichment for our members, often at dinners featuring Scottish cuisine and presentations by members.

**TODAY**, we plan programs around the busy schedules of our members, sometimes meeting at restaurants, other times gathering in members' homes. Our programs vary from informal discussions to carefully planned presentations with visual or musical accompaniment.

Our Website, Facebook, and other social media have replaced our newsletter.

Our Scottish heritage continues to evolve!

Visit the Coterie's Page at
